

eMOCHA TB Detect Free Android Application

33800 **Author:** Johns Hopkins Center for Clinical Global Health Education

Publication Date: 2013

Country of Origin: United States

Format: Online Resource

Physical Description: Android App.

Language: English

Abstract:

eMOCHA TB Detect includes an interactive TB symptom screening algorithm based on current WHO guidelines. It also includes multimedia lectures from experts in TB prevention and care, as well as other educational tools for health care providers caring for patients at risk for TB. The educational content will be updated on a regular basis to include the latest information on TB prevention and care.
