

## Systematic Screening for Active Tuberculosis: Principles and Recommendations

33801 **Author:** World Health Organization

**Publication Date:** 2013

**Format:** Guideline

**Physical Description:** 146 p.; mono.: annexes, tables.

**Language:** English

### Abstract:

This document sets out basic principles for prioritizing risk groups and choosing a screening approach. It emphasizes the importance of assessing the epidemiological situation, adapting approaches to local situations, integrating TB screening into other health-promotion activities, minimizing the risk of harm to individuals, and engaging in continual monitoring and evaluation.
