

Effective TB Interviewing for Contact Investigations Materials: Videotape

Author: CDC NCHHSTP Division of Tuberculosis Elimination Global Tuberculosis Institute at Rutgers The State University of New Jersey

Publication Date: February 2004

Country of Origin: United States

Format: Video

Physical Description: 1 videotape (67 mins.) sd., col.; 1/2 in. (VHS).

Language: English

Abstract:

The Effective TB Interviewing for Contact Investigations Materials include a Facilitator-Led Training Guide, Self-Study Modules, and a Videotape. The materials can be used together or on their own. Each material has to be ordered separately from the CDC website order form. This 67-minute videotape demonstrates successful interviewing strategies with TB patients and is designed to enhance the knowledge and skills of health care workers who are responsible for conducting TB interviews with patients as part of contact investigations.
