

Targeted Tuberculin Testing and Treatment of Latent Tuberculosis Infection, 2005

Author: CDC NCHHSTP Division of Tuberculosis Elimination

Publication Date: December 2011

Country of Origin: United States

Format: Slide Set

Physical Description: 77 slides: col.

Language: English

Abstract:

This slide set was developed as an accompaniment to Targeted Tuberculin Testing and Treatment of Latent Tuberculosis Infection, a joint statement by CDC and the American Thoracic Society, and subsequent updates. The slide set provides an overview of the current recommendations for the treatment of latent tuberculosis. The slide set also includes case studies to initiate discussion of LTBI diagnosis and treatment.

Publisher:

CDC NCHHSTP Office of Communications
