### Abstract:

This package includes an instruction guide and a DVD. The DVD illustrates the benefits of adopting cohort review and highlights the roles of the cohort review team members. The guide explains the three key elements of the cohort review process and how to adapt the process to your own TB program. The DVD was produced by the CDC, Creative Digital Group, and the Constella Group. The instruction guide was developed by the CDC and the Charles P. Felton National Tuberculosis Center.

The information kit is also available with a videotape.
