

The Global MDR-TB and XDR-TB Response Plan 2007-2008

understanding **Author:** Stop TB Partnership

Publication Date: 2007

Format: Report

Physical Description: 52 p.: col.; annexes, tables.

Language: English

Abstract:

The Global MDR-TB and XDR-TB Response Plan 2007-2008 sets out measures needed now to prevent, treat and control extensively drug-resistant TB (XDR-TB) and multidrug-resistant TB (MDR-TB). The plan also sets in motion actions to reach a 2015 goal of providing access to drugs and diagnostic tests to all MDR-TB and XDR-TB patients, saving the lives of up to 1.2 million patients.
