

Engaging All Health Care Providers in TB Control: Guidance on Implementing Public-Private Mix Approaches

understanding **Author:** World Health Organization

Publication Date: 2006

Format: Guideline

Physical Description: 54 p.: col., ill.;

Language: English

Abstract:

This document guides NTPs on how to engage all relevant health care providers in TB control and thereby promote the use of evidence-based, International Standards for TB Care. The experience and evidence on scaling up and sustaining PPM is now clearly emerging. The authors hope that this document will help countries to scale up PPM DOTS more rapidly and contribute significantly to achieving the TB-related Millennium Development Goal.
