

Cultural Competency and Tuberculosis Care: A Guide for Self-Study and Self-Assessment

Author: Global Tuberculosis Institute at Rutgers The State University of New Jersey

Publication Date: 2008

Country of Origin: United States

Format: Book

Physical Description: 73 p.: col., ill.; appendix, graph, refs., tables.

Language: English

Abstract:

This resource was developed for the public health workforce and other healthcare providers. It is intended as a tool to begin to explore the knowledge, skills, and attitudes necessary for cultural competency in general, with a focus on TB control activities. The guide utilizes a culture general perspective and includes a self-assessment tool, teaching cases, and links to other cultural competency resources.
