

## Incorporating Tuberculosis into Schools of Public Health Core Curricula

## Incorporating Tuberculosis into Schools of Public Health Core Curricula

understanding **Author:** Global Tuberculosis Institute at Rutgers The State University of New Jersey

**Publication Date:** 2009

**Country of Origin:** United States

**Format:** Teaching Guide/Training Curriculum

**Physical Description:** Case studies, fact sheets and PowerPoint presentations.

**Language:** English

### Abstract:

This set of online materials can be used by instructors in the core public health disciplines (Epidemiology, Biostatistics, Health Policy and Management, Environmental Health Sciences, and Social and Behavioral Sciences). The materials can help provide important and sometimes neglected content on the prevention and control of TB to graduate level public health students.
