

## Country Specific Quick Reference Guides

understanding **Author:** Southeastern National Tuberculosis Center

**Publication Date:** 2010

**Country of Origin:** United States

**Format:** Manual

**Physical Description:** 7 Country-Specific Summaries

**Language:** English

### Abstract:

The Southeastern National Tuberculosis Center in collaboration with the Lung Health Center at the University of Alabama at Birmingham developed TB-specific cultural competency guides. These guides have been adapted into a series of "quick reference guides." There are quick reference guides for the countries that have accounted for more than 60% of the TB cases among foreign-born persons over the past five years: Mexico, the Philippines, India, Vietnam, China, Guatemala, and Haiti.
