

## Pharmacotherapeutics and Why TB Presents Differently in HIV

**Author:** Southeastern National Tuberculosis Center

**Publication Date:** 2010

**Country of Origin:** United States

**Format:** Online Resource

**Physical Description:** Archived Webinar

**Language:** English

### Abstract:

Drs. Jacques Grosset and Timothy Sterling will discuss the rationale for and potential new approaches to treatment of TB in HIV-infected individuals. Primary and secondary resistance of TB medications and the role of therapeutic drug monitoring for HIV-infected patients will be explored. The application of research to clinical practice will be highlighted.
