

Tools for Implementing Tuberculosis Infection-Control Activities in HIV Clinics and Outpatient Settings

understanding **Author:** CDC Division of Global HIV/AIDS

Publication Date: 2012

Country of Origin: United States

Format: Information Kit

Physical Description: Tools and job aids

Language: English

Abstract:

These tools and job aids are based on the World Health Organization Policy on TB Infection Control in Health-Care Facilities, Congregate Settings and Households (2009) and emphasize simple activities that can be performed and monitored at the facility level to begin immediate implementation of TB infection control.
