

Implementing Collaborative TB-HIV Activities: A Programmatic Guide

33748 **Author:** P. I. Fujiwara, R. A. Dlodlo, O. Ferroussier, et al International Union Against Tuberculosis and Lung Disease (The Union)

Publication Date: 2012

Format: Book

Physical Description: 106 p.; mono.: refs., tables.

Language: English, French, Portuguese, Spanish

Abstract:

This guide summarizes The Union's experience in developing approaches to integrated TB-HIV care for adults in resource-limited settings. It is recommended for health professionals at the implementation level and national programme staff in charge of policy and practices for collaborative TB-HIV activities.
