

Compendium of Tools and Strategies to Achieve Universal Access to TB Care for Vulnerable and At-Risk Groups

Compendium Author: TB CARE I

Publication Date: 2014

Format: Report

Physical Description: 171 p.: col.; refs.

Language: English

Abstract:

This document contains links to over 650 tools and reference materials. It is intended for national TB program staff in high burden settings who are trying to identify strategies to reach at-risk and vulnerable communities more effectively. The goal of the document is to introduce readers to the range of tools and strategies that are available in TB control.
