

## Essentials for the Mycobacteriology Laboratory: Promoting Quality Practices

Essentials for the Mycobacteriology **Author:** Association of Public Health Laboratories

**Publication Date:** 2014

**Format:** Online Course

**Physical Description:** Online Course

**Language:** English

### Abstract:

This series of interactive modules was developed by the Association of Public Health Laboratories (APHL) in collaboration with the Centers for Disease Control and Prevention. Topics include laboratory safety, specimen collection, AFB smear microscopy, mycobacterial culture, and drug susceptibility testing. The modules are also available in PDF format for use in laboratory training programs.
