

TB Infection Patient Educational Materials

TB Infection Patient Educational Materials **Author:** Massachusetts Department of Public Health Division of Global Populations and Infectious Disease Prevention

Publication Date: December 2014

Format: Brochure/Pamphlet

Physical Description: 2 p.: col., ill.

Language: English

Abstract:

The goal of these materials is to teach patients about TB infection and to motivate them to start and complete treatment if diagnosed. The materials are designed to encourage provider-patient interactions for active learning through the process of testing and treatment decisions. There are four materials in this series and it is suggested to use the materials as a continuum, as they build upon each other.
